This scholarship was developed in honor of William and Barbara Nichols and their dedication to the Corry community through education and the medical field.

Students who graduate from home school, private schools or outside cyber schools will not be considered for this award.

Payment is generated through the Corry Higher Education Council. To generate payment, the recipient must provide the Hi-Ed with a copy of the fall school bill. They will then generate one payment directly to the college on behalf of the recipient. The college may opt to divide the award over two semesters or apply all of it to the fall semester.
